## **CRM Steering Committee to meet in Glenrock**

The Duncan Ranch Coordinated Resource Management (CRM) Steering Committee will meet Wednesday, May 3 at the Town Hall in Glenrock.

The meeting will begin at 9 a.m. and is scheduled to adjourn by 3 p.m. This will be the first meeting of the steering committee. Wyoming State Lands and Investments and the Wyoming Department of Agriculture have teamed up to implement the CRM process to assist in developing a long term plan for the Duncan Ranch.

The WDA will facilitate the process, with the goal of presenting a recommended management plan to the Board of Land Commissioners by next spring.

The committee plans to hold one meeting each month. The first meeting will explain the purpose of the steering committee, introduce CRM management guidelines, establish time-lines, and foster partnerships.

For more information, please contact the Wyoming State Lands and Investments Office at (307) 777-7331.

In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available for individuals with disabilities upon request in advance of the meeting.
